- Directions:**
1. Rinse your vehicle thoroughly to remove loose dirt and debris.
 2. The product is highly concentrated. Therefore, mix with water ratio according to your preference.
 3. Using a soft wash mitt or sponge, apply the solution to your car's surface, starting from the top and working your way down. Gently agitate the foam to loosen dirt and grime.
 4. Rinse off the foam using a steady stream of water.
 5. Dry your car with a clean microfiber towel to prevent water spots.

Precaution: KEEP OUT OF REACH OF CHILDREN.
