

Product Name: Surface Prep

Description: AUTOTRIZ Surface Prep is used as a surface preparation solution to clean surfaces prior to application of ceramic protection. This product was specifically formulated to remove polishing oils, silicone or other contaminants from all hard surfaces that could potentially hinder the coatings performance. Body shop safe formula and won't swell or stain paint.

Directions: Before applying any coating or touch-up paint, spray AUTOTRIZ Surface Prep onto cool surface. Use a clean, microfiber towel to wipe away remaining residue, turning to a dry side of towel for a final wipe. Be sure to wipe adjacent areas to ensure no undesired transfer occurs. Repeat mist & wipe process a second time to ensure removal of contaminants.

Precaution: KEEP OUT OF REACH OF CHILDREN.

First Aid: Eye Contact: Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention/advice. Skin Contact: If symptoms occur, wash with water. Call a poison center or doctor if irritation develops or persists. Wash off with soap and plenty of water. Consult a physician. Ingestion: Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Inhalation: Call a poison center or doctor if you feel unwell. If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.
